2025 Remote Proctoring Discontinuation

In keeping with the remote proctoring policy established in 2020, SHRM discontinued remote proctoring as a testing option worldwide due to test security issues. Therefore, SHRM Certification exams must be taken in-person at a testing center.

- Domestic US and International candidates will only be offered the option to test in-person
- Remote proctoring is removed from the site.

We're thrilled about the opportunities ahead and are confident these updates will help us serve you and your constituents better than ever.

Our commitment to excellence remains steadfast, and we're grateful to have you with us on this journey.

If you have any questions or need assistance, our team is here to help.

Thank you for your continued support!

THANK YOU!
